

Dear Steve:

Thank you and your colleagues for your warm-heart welcome on my Career Day. You were patient to answer all my questions. I enjoyed the day and I think it is really helpful to me.

It was my first time to visit a chemical corporation. I was much impressed by your factory, lab and operation rooms. It is advanced and amazing. What's more, I visited accounting department and I became to know what accountants do and how they cooperate. That's really interesting.

During my visit, I learnt that Kaneka is a huge corporation with many factories around the world. Its products touch the lives of people with plastic foams, electronic materials and foodstuffs. You and your fellows love your factory and work hard. I wish your business better and better.

Well, I want to say thanks again to all of you, Steve, Tracy, Steve II , Polo and ... (Sorry, I do not know how to spell his names). I hope to keep in touch with you and look forward to hearing from you.

Best wishes,

Melody
